**NEWBY NOTES FROM NATURE'S GREAT HIGHWAY.**

The Bonanza was up last night for Pomeroy.

The Cranial will pass down tonight from Pomeroy.

The Keystone State will pass up tonight for Pittsburgh.

The Henry M. Stanley will go to Kanawha river tonight.

Heavy rains have fallen on the Monongahela Valley, which will give a few feet more water and slow the Ohio at a fair stage tomorrow several days longer.

The Government has notified Davis & Switzer, the firm that placed the insurance on the sunken steamer at Merriam, that the Steagboat E. A. Woodruff, now at Pittsburgh, would remove the rails from the river.

It was decided that the remains to the John K. Speed will be made at Cincinnati. After she was raised at Louisville it was thought that she could go there with her own steam, but it was found that her wheel was too badly broken, and she will be towed there.

Several ranges of her wheel were broken when she dropped down on the cross-dam at the Falls. The Buckeye State is now on the Cincinnati Marine Ways, where a large force of workmen will finish her in another day or two. The Speed will be hauled out after the Buckeye State is finished. The break in the Speed's hull is about forty feet long.

The Southwest Pass Board, to report on the improvement of the entrance to the Mississippi river, which was appointed March 10th, under Colonel Henry M. Robert as President, is to prepare plans and report upon a project for securing a navigable channel of suitable width and 35 feet deep at mean low water through the Southwest Pass of the Mississippi river. The South Pass entrance into the Mississippi is now barely navigable by vessels drawing 25 feet of water, according to the New Orleans press. A short time ago the board had the head of the pass, and the situation is serious for the commerce of New Orleans and the Mississippi Valley. The New Orleans Board of Trade is petitioning the Government to take some immediate action towards maintaining a deeper channel in the South Pass.

The funeral of Captain George A. Vandergift took place Tuesday afternoon from the Scotch Rite Cathedral at Cincinnati, and was largely attended by river and steamboatmen. Captain Vandergift spent many years of his life on the Ohio river and he was always one of the most popular steamboatmen to be found anywhere. It is not generally known, but he built at Cincinnati the first steamer towboat ever constructed on Western waters. It was the Alex. Swift, which was afterward sold to Brown and rebuilt and called the Marquette. Captain Vandergift was a member of the first train of the Queen and Crescent Railroad. Some years later he was appointed commander of the United States Lighthouse Tender Lily, which burned June, 1888. Major Vandergift barely escaped from the boat. He then superintended the construction of the Lighthouse Tender destroyed, and remained commander of that boat until 1891. He was well known in this city. He was a true-hearted gentleman, and much sorrow is felt at his demise.

**The Feast of Bargains in Good CLOTHING!**

Men's and Boys' Shoes and Men's Furnishing Goods set before the people through Hechinger's retiring-from-business sale has awakened an interest with the buying community that the conventional clothing sales advertisement make impossible. It is a positive fact that customers from distances as far as 50 miles from Maysville are taking advantage of this sale. It is known that the stock consists of only first class merchandise, and when considered that the reduction of prices enables the public to buy the high class goods Hechinger & Co. carry for less than ordinary goods sold elsewhere it is no wonder that the storerooms are daily crowded. Thousands of dollars worth of goods that were contracted for before Mr. Hechinger's conclusion to retire from business are daily arriving. They share the same fate of those that were already in stock. They will be marked at prices that will make them sell. On Wednesday our

**"Hopkins" Straw Hats!**

will be on sale. To those who have worn them they need no recommendation. Those who have never worn them should try one. They are the best Straw Hats in the world. Ask the other hatlers in town.

**Ten Years Ago**

**Women's Peerless Lisle Thread Stockings Sold for 50 Cents a Pair**

And they were fully as good as stockings of other makes that sold for 75c. Years kept rolling around and improvements were made from day to day. Gradually we bought lower and better, and in turn we handed to our customers the results of better buying. Slowly we hammered the price down, and today Women's Peerless Fast Black Lisle Thread Stockings are

**25 Cents!**

And better than those sold ten years ago for 50c. We believe in Maysville. We believe in Paved Streets. We believe in Improvements, whether in Hosiery, in Cities or in the Police Force. (This last is to arrest your attention.)

There is more Calveria in this section of the county than at other places put together, and until the last few years was supposed to be incurable. For great many years doctors pronounced it a local disease, and prescribed local remedies, and at constantly failing to cure with local treatment pronounced it incurable. Science has proven Calveria to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Second—Notice to a solicitor authorized to sue for recovery, notice for the Company was notice to the Company.

Third—Where the defendant Insurance Company had notice of the defendant Insurance Company the allegation of notice to the Insurance bead.

Messrs. E. L. Worthington and John L. Chamberlain appeared for appellant, and Hon. A. M. Cochran was the attorney for appellee.

## THE GREATEST CIRCUS.

Wallace Bros., Which Will Exhibit Here On May 5th.

The Washington, D.C. Post, one of the most conservative newspapers in the United States, said most unusual thing in devoting an editorial to the Wallace circus, which came to Washington, D.C. unknown and went away with an established reputation. In part the Post said:

"The Great Wallace Show represents all that there is of legitimate work in the circus business. It is in charge of men who aspire to elevate the tone and purify the atmosphere of the calling, and we believe the thousands who have attended the performances during the past two days will certify they have succeeded. Not only was the performance up to the highest professional and artistic standard, the menagerie large and varied, and the trained animals of the best, but there was not in connection with the Wallace Show a single one of those discreditable and demoralizing features which have done so much to give the circus a bad name and to discourage the true friends of that otherwise wholesome form of amusement. The managers of the Wallace Show keep all their promises, advertise nothing they do not expect to give, and carefully direct their performances of anything and everything calculated to offend the nicest taste. We are sure the verdict of Washington will be most favorable and that the show can return to us sure of finding genuine admirers and friends."

The big circus institution will exhibit in Mayville on Friday, May 5th.
